

FUNXTION

Subject: Letter of Recommendation for Gabriela, UX Designer

Date: nov 2023

Dear sir, madam,

As the CPO at Funxtion, I am writing this letter to highly recommend Gabriela for a UX designer position in your organization. It is with sincere enthusiasm that I endorse her abilities, dedication, and professionalism.

Gabriela joined our company as an intern in UX and quickly displayed her high potential and natural talent for the field. Her exceptional work during her internship led us to offer her a full-time position, where she continued to excel as our only UX designer for an extended period. In this capacity, she demonstrated remarkable ownership of her work and was responsible for supporting a team of 12 developers.

Throughout her time at our company, Gabriela consistently tackled complex situations and displayed a strong aptitude for collaboration. As a hard worker, she has produced an impressive body of work, demonstrating her expertise in prototyping, wireframing, user flows, and mockups. Beyond creating design assets Gabriela has demonstrated great skill in user research and user testing, both live with users and online.

She also took the lead in the effort of creating and documenting our design system and has been diligently maintaining it ever since.

Gabriela's ability to design digital products for scale-up organizations makes her an invaluable asset to any team. Her experience and dedication to her craft will undoubtedly contribute to the success of your organization.

Please do not hesitate to contact me for further reference or discussion about Gabriela's qualifications. I am confident that she will exceed your expectations, and I wholeheartedly recommend her for any UX designer role.

Sincerely,

Karen Euser | CPO | Funxtion
